RE: **Notice of Intent to Award for the Fieldhouse Climbing Center**

Tedd,

Thank you for your response to Eastern Oregon University's Request for Proposal for our Fieldhouse Climbing Center Project. We appreciate the thought and effort you put into your response.

It is my pleasure to name Eldorado Climbing as the apparent successful proposer.

EOU intends to enter into an agreement with Eldorado Climbing for the above-named project. David Moore will be the EOU contract representative for executing this contract and can be contacted by the telephone or email.

I look forward to working with you on this project!
