

REQUEST FOR PROPOSALS #2023-08  
ENTERPRISE SECURITY CAMERA TECHNOLOGY  
ADDENDUM NUMBER THREE  
August 31, 2023

On July 19, 2023, the Oregon Institute of Technology (“Oregon Tech”) published Request for Proposals #2023-08 for Enterprise Security Camera Technology; and on August 1, 2023 published Addendum Number One; and on August 28, 2023 published Addendum Number Two (“RFP”).

Oregon Tech has found that it is in its interest to amend the RFP through the issuance of this Addendum Number Three. Except as expressly amended below, all other terms and conditions of the original RFP and any previous addenda shall remain unchanged.

1. EXHIBIT B – COSTING SECTION is modified to remove reference to the Canyon Creek and Hoss Building. Oregon Tech is removing the Canyon Creek and Hoss Building from the Scope of Work in the published RFP. The updated EXHIBIT B – COSTING SECTION is attached.

## COSTING SECTION

If pricing is dependent on any assumptions that are not specifically stated on the official price sheet, please list those assumptions accordingly on a separate spreadsheet and show detailed pricing. Any additional pricing lists should remain attached to the official price sheet for purposes of evaluation. Pricing must be valid for through the terms of the contract.

Oregon Tech will not be obligated to pay any costs not identified accordingly. The respondent must certify that any costs not identified by the respondent, but subsequently incurred to achieve successful operation of the service, will be borne by the respondent. Failure to do so may result in rejection of the bid.

The university may modify any aspect of the scope of work or bid to meet budgetary limitations and/or operational requirements. All bids should be developed in order to maximize the capabilities and coverage of camera technology while minimizing the actual number of cameras bid.
