

Addendum # 01
RFQ 2024-17
Questions and Answers

Q1. Can the submission date be extended? The current timeline is a tight turnaround during the holiday season.

A. The deadline is extended to December 1, 2023.

Q2. Can the University provide a thorough scope of work (outlining anticipated meetings, submission requirements, etc.) to allow for a fair comparison of fees to scope? Or remove the fee requirement all together? (Fees would then be provide as part of the negation following selection based on a full scope and schedule.)

A. We will need to keep the fee to scope requirement.

Q3. Has there been any preliminary design services provided? If so, can those documents be provided as well as who provided the services?

A. No--we are interested in firms providing conceptual designs.

Q4. For the existing public toilet rooms to be repurposed into an officials' prep room, what HVAC components are existing, and what new HVAC systems are desired?

A. Nothing needs to be changed in the existing public restrooms. That is out of the scope of this project—it is just something for consideration for in the future.
