INVITATION TO BIDDERS #2024-01  
INDUSTRIAL PARK DRIVE IMPROVEMENTS  
RESPONSE TO CLARIFYING QUESTIONS III  
March 8, 2024

Note that these are questions submitted by interested firms to this solicitation. The below answers are for clarification purposes only and in no way alter or amend the BID as published.

1. **QUESTION:** Pertaining to the #2024-01 bid tabulation, the roadway striping unit of measurement and quantity doesn't really fit the project as there is multiple styles of striping. Where do Contractors put the cost for thermo pavement markers (ie. crosswalk symbols, arrows, bike symbols, etc..) and what is the quantity?

**ANSWER:** Separate line items for thermo pavement markers have been added to the ZCS Engineering and Architecture – Bid Quantities document. The published ZCS Engineering and Architecture – Bid Quantities dated February 7, 2024 is hereby replaced in its entirety with **ZCS Engineering and Architecture - Bid Quantities Revised** dated March 7, 2024. The revised document will be published on the Oregon Public Universities Business and Bid Opportunities website.
