REQUEST FOR PROPOSALS**

**RFP #2024-05  
CNC MILLING MACHINE FOR HARD METALS ROUGHING**

**SECTION I - INFORMATION REGARDING PROPOSAL**

**INTRODUCTION**

The Oregon Institute of Technology (“Oregon Tech”) is seeking proposals to select a contractor to provide the following: one (1) subtractive CNC machine as specified below for equipping the Oregon Manufacturing Innovation Center Research and Development (OMIC R&D) in Scappoose, Oregon.

**IMPORTANT NOTICE**

It will be the responsibility of potential proposers to refer daily to the Public University Procurement Website (<https://www2.wou.edu/nora/orpu.bid.home>) to check for any available addenda, response to clarifying questions, cancellations or other information pertaining to this Request for Proposals (“RFP”).

**GENERAL INFORMATION**

**Issuing Office:** The Oregon Manufacturing Innovation Center Research and Development (OMIC R&D), hosted by Oregon Tech, is the Issuing Office and is the sole point of contact for clarifications regarding technical specifications in this RFP. The Oregon Tech Procurement and Contract Services Office is the sole point of contact regarding the RFP process. All correspondence pertaining to these two matters should be appropriately addressed to the contact persons below:

**Content and Technical Specifications**

Urmaze Naterwalla, Director of Research Operations  
Telephone: (503) 821- 1328  
Email: [Urmaze.Naterwalla@oit.edu](mailto:Urmaze.Naterwalla@oit.edu)

**RFP Process Questions:**

Vivian Chen, J.D., Director of Procurement, Contracts, and Risk  
Telephone: (503) 821-1266  
Email: [Vivian.Chen@oit.edu](mailto:Vivian.Chen@oit.edu)

**SCHEDULE OF EVENTS**

The timing and sequence of events resulting from this RFP will be ultimately determined by Oregon Tech. The following schedule is illustrative of optimal timing goals:

RFP Issue Date.....	September 17, 2024
Deadline for Protest of Specifications .....	September 19, 2024 (5:00 P.M., PT)
All Clarifying Questions Due .....	September 23, 2024 (5:00 P.M., PT)
Notice of Interest Deadline .....	September 24, 2024 (5:00 P.M., PT)

Closing Date (Proposals Due)..... September 30, 2024 (1:00 P.M., PT)  
Deadline for Protest of Award ..... Seven (7) calendar days after date  
on Notice of Award letter  
Anticipated Contract Begin Date ..... On or around October 7, 2024

**GENERAL PROVISIONS**

Oregon Tech reserves the right to reject any and all proposals received as a result of this RFP. Oregon Tech Policy Chapter 580-61 and 580-62 govern the procurement process for Oregon Tech.

**1. Modification or Withdrawal of Proposal.** Any proposal may be modified or withdrawn at any time prior to the closing deadline, provided that a written request is received by the Procurement and Contract Services Office, prior to the Closing Date. The withdrawal of a proposal will not prejudice the right of a Proposer to submit a new proposal.

**2. Notice of Interest.** The Notice of Interest (form attached below) should be submitted to the Procurement and Contract Services Office by 5:00 P.M., PT, on the date indicated in the Schedule of Events, via email. In the Notice of Interest, the Proposer must provide the name of the primary contact person, plus that person’s current telephone number and email address for communication of information about the RFP. Proposers that complete and return the Notice of Interest will receive the same supplementary information. Submission of the Notice of Interest is not a mandatory requirement for Proposers to submit a proposal.

**3. Requests for Clarification and Requests for Change:** Proposers may submit questions regarding the specifications of the RFP. Questions must be received in writing on or before 5:00 P.M., PT, on the date indicated in the Schedule of Events, at the Procurement and Contract Services email address as listed in the Contact Information section of the RFP. Requests for changes must include the reason for the change and any proposed changes to the requirements.

The purpose of this requirement is to permit Oregon Tech to correct, prior to the opening of proposals, RFP terms or technical requirements that may be unlawful, improvident or which unjustifiably restrict competition.

Oregon Tech will consider all requested changes and, if appropriate, amend the RFP. Oregon Tech will provide reasonable notice of its decision to all Proposers that submit a Notice of Interest and on the Public University Procurement Website (<https://www2.wou.edu/nora/orpu.bid.home>).

No oral or written instructions or information concerning this RFP from Oregon Tech managers, employees or agents to prospective Proposers shall bind Oregon Tech unless included in an Addendum to the RFP.

**4. Protests of the RFP/Specifications:** Protests must be in accordance with Oregon Tech Policy Section 580-061-0145. Protests of Specifications must be received in writing on or before 5:00 P.M., PT, on the date indicated in the Schedule of Events, or within seven (7) business days of issuance of any addendum, at the Procurement and Contract Services email address as listed in the Contact Information section of the RFP. Protests may not be faxed. Protests of the RFP specifications must include the reason for the protest and any proposed changes to the requirements.

**5. Addenda:** If any part of this RFP is amended, addendum will be provided on the Public University Procurement Website (<https://www2.wou.edu/nora/orpu.bid.home>), with a copy to all parties who submit the Notice of Interest.

**6. Post-Selection Review and Protest of Award:** Oregon Tech will name the apparent successful Proposer in a “Notice of Intent to Award” letter. Identification of the apparent successful Proposer is procedural only and creates no right in the named Proposer to award of the contract. Competing Proposers will be notified in writing of the selection of the apparent successful Proposer(s) and shall be given seven (7) calendar days from the date on the “Notice of Intent to Award” letter to review the file and evaluation report at the Procurement and Contract Services Office and file a written protest of award, pursuant to Oregon Tech Policy Section 580-061-0145. Any award protest must be in writing and must be delivered by email to the address for the Procurement and Contract Services Office as listed in the Contact Information section of the RFP.

Oregon Tech will consider any protests received and:

- (A) reject all protests and proceed with final evaluation of, and any allowed contract language negotiation with, the apparent successful Proposer and, pending the satisfactory outcome of this final evaluation and negotiation, enter into a contract with the named Proposer; OR
- (B) sustain a meritorious protest(s) and reject the apparent successful Proposer as nonresponsive, if such Proposer is unable to demonstrate that its proposal complied with all material requirements of the solicitation and Oregon public procurement law; thereafter, Oregon Tech may name a new apparent successful Proposer; OR
- (C) reject all proposals and cancel the procurement.

The Oregon Tech Vice President for Finance and Administration or designee will timely respond to the protest after receipt. This decision shall be final.

**7. Acceptance of Contractual Requirements:** Failure of the selected Proposer to execute a contract and deliver required insurance certificates within ten (10) calendar days after notification of an award may result in cancellation of the award. This time period may be extended at the sole discretion of Oregon Tech.

**8. Public Records:** proposals are deemed confidential until the “Notice of Intent to Award” letter is issued. This RFP and one copy of each proposal received in response to it, together with copies of all documents pertaining to the award of a contract, will be kept and made a part of a file or record which will be open to public inspection. If a proposal contains any information that is considered a **TRADE SECRET UNDER ORS 192.501(2), SUCH INFORMATION MUST BE LISTED ON A SEPARATE SHEET CAPABLE OF SEPARATION FROM THE REMAINING PROPOSAL AND MUST BE CLEARLY MARKED WITH THE FOLLOWING LEGEND:**

**“This information constitutes a trade secret under ORS 192.501(2), and shall not be disclosed except in accordance with the Oregon Public Records Law, ORS Chapter 192.”**

The Oregon Public Records Law exempts from disclosure only bona fide trade secrets, and the exemption from disclosure applies only “unless the public interest requires disclosure in the particular instance.” ORS 192.500(1). Therefore, non-disclosure of documents or any portion of a document submitted as part of a proposal may depend upon official or judicial determinations made pursuant to the Public Records

Law.

**9. Investigation of References:** Oregon Tech reserves the right to investigate all references in addition to those supplied references and investigate past performance of any Proposer with respect to its successful performance of similar services, its compliance with specifications and contractual obligations, its completion or delivery of a project on schedule, its lawful payment of subcontractors and workers and any other factor relevant to this RFP. Oregon Tech may postpone the award or the execution of the contract after the announcement of the apparent successful Proposer in order to complete its investigation.

**10. RFP Proposal Preparation Costs and Other Costs:** Proposer costs of developing the proposal, cost of attendance at an interview (if requested by Oregon Tech) or any other costs are entirely the responsibility of the Proposer, and will not be reimbursed in any manner by Oregon Tech.

**11. Clarification and Clarity:** Oregon Tech reserves the right to seek clarification of each proposal, or to make an award without further discussion of proposals received. Therefore, it is important that each proposal be submitted initially in the most complete, clear and favorable manner possible.

**12. Right to Reject Proposals:** Oregon Tech reserves the right to reject any or all proposals, if such rejection would be in the public interest, as determined by Oregon Tech.

**13. Cancellation:** Oregon Tech reserves the right to cancel or postpone this RFP at any time or to award no contract.

**14. Proposal Terms:** All proposals, including any price quotations, will be valid and firm through a period of sixty (60) calendar days following the Closing Date. Oregon Tech may require an extension of this firm offer period. Proposers will be required to agree to the longer time frame in order to be further considered in the procurement process.

**15. Oral Presentations:** At Oregon Tech's sole option, Proposers may be required to give an oral presentation of their proposal to Oregon Tech, a process which would provide an opportunity for the Proposer to clarify or elaborate on the proposal, but will in no material way change Proposer's original proposal. If the evaluating committee requests presentations, the Issuing Office will schedule the time and location for said presentation. Any costs of participating in such presentations will be borne solely by Proposer and will not be reimbursed by Oregon Tech. **Note:** Oral presentations are at the discretion of the evaluating committee and may not be conducted; therefore, **written proposals should be complete.**

**16. Usage:** It is the intention of Oregon Tech to utilize the services of the successful Proposer(s) to provide services as outlined in the below Scope of Work.

**17. Sample Contract:** Submission of a proposal in response to this RFP indicates Proposer's willingness to enter a contract containing substantially the same terms listed in **Exhibit B – Oregon Tech Sample Contract**, attached hereto and made a part hereof ("Sample Contract"). No action or response to the Sample Contract is required under this RFP. Any objections to the Sample Contract terms should be raised in accordance with Paragraphs 3 and 4 of the "General Provisions" of this RFP, pertaining to requests for clarification or change or protest of the RFP/specifications, and as otherwise provided for in this RFP.

**18. Review for Responsiveness:** Upon receipt of all proposals, the Issuing Office or designee will determine the responsiveness of all proposals before submitting them to the evaluation committee. If a proposal is incomplete or non-responsive in significant part or in whole, it will be rejected and will not be submitted to the evaluation committee. Oregon Tech reserves the right to determine if an inadvertent

error is solely clerical or is a minor informality which may be waived, and then to determine if an error is grounds for disqualifying a proposal. The Proposer's contact person identified on the proposal will be notified, identifying the reason(s) the proposal is non-responsive.

**19. Rejections and Withdrawals.** Oregon Tech reserves the right to reject any or all proposals or to withdraw any item from the award.

**20. RFP Incorporated into Contract.** This RFP will become part of the Contract between Oregon Tech and the selected contractor(s). The contractor(s) will be bound to perform according to the terms of this RFP, their proposal(s), and the terms of **Exhibit B – Oregon Tech Sample Contract**.

**21. Communication Blackout Period.** Except as called for in this RFP, Proposers may not communicate with members of the Evaluation Committee about the RFP until the apparent successful Proposer is selected, and all protests, if any, have been resolved.

**22. Prohibition on Commissions.** Oregon Tech will contract directly with persons/entities capable of performing the requirements of this RFP. Contractors must be represented directly. Participation by brokers or commissioned agents will not be allowed during the proposal process.

**23. Ownership of Proposals.** All proposals in response to this RFP are the sole property of Oregon Tech, and subject to the provisions of Oregon Revised Statutes, Chapter 192 (Oregon Public Records Law).

**24. Clerical Errors in Awards.** Oregon Tech reserves the right to correct inaccurate awards resulting from its clerical errors.

**25. Rejection of Qualified Proposals.** Proposals may be rejected in whole or in part if they attempt to limit or modify any of the terms, conditions or specifications of the RFP or the Oregon Tech Sample Contract.

**26. Collusion.** By responding, the Proposer states that the proposal is not made in connection with any competing Proposer submitting a separate response to the RFP and is in all aspects fair and without collusion or fraud. Proposer also certifies that no officer, agent, or employee of Oregon Tech has a pecuniary interest in this proposal.

**27. Evaluation Committee:** Proposals will be evaluated by a committee consisting of representatives from Oregon Tech. Oregon Tech reserves the right to modify the Evaluation Committee make-up in its sole discretion. The committee's recommendations will be forwarded to the Vice President for Finance and Administration, or designee, for final approval.

**28. Commencement of Work:** The Proposer shall commence no work until all insurance requirements have been met, the Protest of Awards deadline has been passed, any protest have been decided, a contract has been fully executed, and a Notice to Proceed has been issued by Oregon Tech.

**29. Use of Brand or Trade Names:** Any brand or trade names used by Oregon Tech in the specifications are for the purpose of describing and establishing the standard of quality, performance, and characteristics desired, and are not intended to limit or restrict competition. Proposers may submit proposals for substantially equivalent products to those designated unless this RFP provides that a specific brand is necessary because of compatibility or other requirements. All such brand substitutions shall be subject to approval by Oregon Tech.

**30. Best and Final Offer:** Oregon Tech may request best and final offers from those Proposers determined by Oregon Tech to be reasonably viable for contract award. However, Oregon Tech reserves the right to award a contract on the basis of initial proposal received. Therefore, each proposal should contain the Proposer's best terms from a price and technical standpoint. Following evaluation of the best and final offers, Oregon Tech may select for final contract negotiations/execution the offers that are most advantageous to Oregon Tech, considering cost and the evaluation criteria in this RFP.

## **TERM OF CONTRACT**

The Contract is expected to begin on or about October 7, 2024. Oregon Tech intends to reserve the right upon thirty (30) days' notice to the Contractor to terminate the Contract for its convenience.

## **DELIVERY OF PROPOSALS**

The complete proposal (including all attachments) must be emailed and must be electronically received by **1:00 P.M. PT, September 30, 2024**. **Email subject line must be "Response to RFP #2024-05."** Proposer are encouraged to telephone and confirm electronic receipt of the complete emailed document(s) with the Procurement and Contract Services Office before the above time and date deadline. Proposals delayed or lost by email system filtering or failures may be considered at Oregon Tech' sole discretion.

It is the responsibility of the Proposer to ensure that proposals arrive by the closing date and time. **NO LATE PROPOSALS WILL BE ACCEPTED.** Proposals may not be submitted by telephone or fax. Proposals must be e-mailed to:

**Email:** [Purchasing@oit.edu](mailto:Purchasing@oit.edu)

Proposals will be publicly opened by a designee in the Procurement and Contract Services Office on the Closing Date.

## **PROJECT BACKGROUND**

Oregon Tech is seeking proposals to select a contractor to provide the following: one (1) subtractive CNC machine as specified below for equipping the Oregon Manufacturing Innovation Center Research and Development (OMIC R&D) in Scappoose, Oregon.

## **SCOPE OF WORK**

Proposer must denote that their proposed machine either meets or does not meet the below requirements in the proposal:

- Machine preference is for a Horizontal types 4 axis machining center. Vertical configurations will be considered if axis rigidity is comparable to horizontal variations.
- Spindle RPM no less than 6,000 RPM and no higher than 12,000 RPM
- Spindle HP must be between 30 to 50 HP+ (22 to 37 kW+)
- Spindle torque must be between 550 to 650 ft-lbs. (745 to 881 Nm). Torque curve and machine buy-off must demonstrate approximately 30 HP and 550 ft-lb (or greater) of Torque at around 200 RPM
- Machine Axis Drive Ratings must be able to push approximately 2500kg (5500lbs) or greater of cutting force

- If available Proposer must bid optional heavy duty spindle bearings
- Table must be a 1,000mm x 1,000mm pallet. Multiple pallet or pallet switching capability is not required
- Axis travels must be approximately 1250mm (X), 1250mm (Y), and 1800mm (Z)
- Machine must have minimum 80bar (1000psi) through the tool coolant pressure
- Machine must have spindle face coolant
- Machine must have a wash down hose
- Machine must have an HSK-100 tool interface
- Machine must have an ATC capacity of 50 tools
- Machine must be able to support cutters up to approximately 15” max tool gage length and 40lbs max tool weight
- Controller type preference for a Heidenhain TNC7 or a Siemens Sinumerk1. Proposer must provide either as options to be selected by Oregon Tech.
- Machine must be equipped with Renishaw RPM 600, OSP60 SPRINT, and NC4+ (including necessary software) if utilizing a Siemens based control. Machine must be equipped with a TS 460, TS 760, TT460, and Vt121 (including necessary software)
- Machine must be capable of supporting tools approximately 400mm in length and/or 20kg
- Machine must be capable of loading by overhead crane
- Machine must come with a mist collection system. Preference for Proposer to bid an Absolent air filtration system appropriately sized for machine volume. Oregon Tech will provide contact information as requested.
- Proposer must provide options for additional envelope lighting, windows, Visitec Visiport or Rotoclear S3, and a Rotoclear C2 with dual cameras for top view and spindle mounted tool view.
- Machine must come with all necessary hardware and software to support machine monitoring by a 3<sup>rd</sup> party through and IP XML trickle feed using FASOPC, OPCUA, MTConnect or similar protocols.
- Machine must be capable of integrating with a Caron Engineering TMAC system, to be installed by Oregon Tech after machine delivery. Machine Manufacturer or Proposer has no obligation other than to certify the machine is capable of integration.

#### General Machine Requirements

- Proposer must be able to meet a delivery time of less than 9 months from receipt of purchase order.
- Machines primary painted colors must generally be white, black, silver or grey. Machines whose typical colors are off-white, beige, blue or any other color must include the cost for Oregon Tech approved colors of machine envelope.
- Proposer must supply a safety plan including Lock-Out Tag-Out (LOTO), Safety Data Sheets (SDS) for all supplied chemicals, and Job Safety Analysis (JSA) detailing suggested Personal Protective Equipment (PPE) and common hazards during various machine operations.
- Proposer must include drawbar pressure and torque curves in proposal.
- Proposer or Machine Manufacturer must supply after purchase order hard copies and electronic copies of maintenance manuals. Maintenance manuals must include single line diagrams for all electrical and mechanical system.
- Proposer or Machine Manufacturer must supply after purchase order 3d models of the machine, a programming manual, test programs with expected kinematics explained, a list of all G&M codes, and any other information needed to be able to simulate cutting within HyperMill, NX, MasterCAM, and Vericut.
- Proposal must include all items necessary for machine function. If ancillary equipment is

required and not supplied as part of the machine purchase, Proposer must include a split of scope that clearly identifies ancillary equipment and their operating portfolio.

- Proposal must include all fluids, filters, and mounting hardware in appropriate amounts necessary for initial startup of machine. This does not include coolant which will be provided by OMIC R&D. Proposal document must include the volume of coolant needed for machine operation.
- Beyond rigging, successful Proposer will ensure that, factory representatives for individual machines must have all tools onsite at Oregon Tech's campus in Scappoose, Oregon (OMIC R&D) to accomplish installation of machine. OMIC R&D will not supply any tools for the installation of the machine.
- Machine must be capable of fitting through a 12' wide door with 14' clear height for installation.
- Building is equipped for the below voltages, phases, and frequencies if machine cannot operate using the supplied power a step-down transformer or phase changer as necessary must be included in the quote. No step-up transformers are allowed to be quoted. At time of Proposal, Proposer must include in the Proposal document voltage and amperage requirements for the machine and any ancillary equipment not being powered by the primary machine.
  - 480/277 VAC 3ph/4w 60Hz
  - 208/120 VAC 3ph/4w 60Hz at a maximum of 30 amps
  - 240/120 VAC 1ph/3w 60Hz at a maximum of 30 amps
- All machines must be either UL or CE listed. Proposer must denote which standard that machine conforms to in Proposal document.
- All machines must be equipped with air filtering necessary for operation if air purity requirements exceed ISO 8573 Class 2 for Particulates, Class 4 for Water and Class 2 for Oil.
- Proposal must include shipping to Oregon Tech's campus in Scappoose, Oregon (OMIC R&D), Proposer must assume FOB until machine arrival at the Oregon Tech's OMIC R&D facility in Scappoose, Oregon.
- Proposer must include onsite training for 4 machine operators as well as basic training for general maintenance for 2 facilities people.
- Proposer must exclude all maintenance packages and spare parts
- Proposer must exclude all software

#### Machine Acceptance Requirements

- Proposer must include standard machine buy-off demonstration to be conducted virtually at Machine Manufacturers facility as well as at Oregon Tech's campus in Scappoose, Oregon (OMIC R&D). Machine acceptance requirements are more fully outlined in **Exhibit A- Machine Acceptance Parameters**.

## **SECTION II – INFORMATION REQUIRED FROM PROPOSERS**

### **PROPOSAL FORM AND CONTENT**

Proposals that do not contain all the information requested in this and other sections may be rejected as non-responsive.

#### **Submission Format**

1. The proposal should be written on standard size (8½” x 11”) paper, using generally accessible word processing and document formats conducive to cut-and-paste transfer of information to contracts or other summary documents. MSOffice Suite and Adobe Acrobat documents are preferred.
2. Proposers should structure responses as outlined in this RFP. Proposals should be prepared so that responses are specifically addressed in the same order as the requested information identified below and on the Questionnaire. Pages should be numbered consecutively.

#### **File Size Limit**

Proposer’s submission may not exceed **25 MB** in file size. This limit cannot be increased, and files of larger size will not be accepted.

### **REQUIRED PROPOSAL CONTENT**

1. You must complete the **Bidder/Proposer Non-Discrimination and Oregon Tax Laws Certification** sheet, signed by an authorized company official.
2. The proposal must also include the following:
  - a. **Title Page or Cover Letter.** The title page or cover letter should indicate the date, subject, name of the Proposer, address, current telephone number, e-mail address, name and title of the Proposer’s contact person as well as a signature of an authorized official with the authority to negotiate and contractually bind the Proposer.
  - b. **Questionnaire.** Complete and specific answers to the Questionnaire for Proposers. Please respond by restating each question and thereafter providing your answer in order beginning with question 1.
3. **Summary Statement.** The Proposer may, but is not required to, provide a summary statement as to its qualifications, as well as briefly describe (no more than five hundred (500) words) any special considerations Oregon Tech should consider.

### **EVALUATION CRITERIA**

Proposals will be evaluated for completeness and compliance with this RFP. Proposals considered complete will be evaluated to determine if they comply with the administrative, contractual, and technical requirements of the RFP. If the proposal is unclear, Proposers may be asked to provide written clarification. **Proposals that do not specifically address the scope of work or do not include the**

**complete proposal content may be rejected.**

Proposals will be evaluated based on the following criteria and questions outlined in the Questionnaire for Proposers:

- |                        |           |
|------------------------|-----------|
| 1. Company Experience  | 30 points |
| 2. Quality of Proposal | 30 points |
| 3. Cost Summary        | 20 points |
| 4. Timeline            | 10 points |
| 5. Maintainability     | 10 points |
| 6. References Review   | 0 points  |

**Total Possible: 100 points**

## SECTION III – QUESTIONNAIRE FOR PROPOSERS

Please submit your responses in order beginning with question 1 by restating the question, then providing your answer. Use additional sheets as necessary. Be specific with names and numbers.

### **1. Company Experience**

Description of past experience in the successful completion of similar services for higher education or industrial customers. Experience working with Oregon issues preferred. Firms should provide evidence of the successful completion of at least three such projects. Please provide name, address, and current telephone numbers of contact person for such projects.

### **2. Quality of Proposal**

Proposal is fully compliant and responsive. Responses display a thorough understanding of the scope of work and present a complete recommended approach.

### **3. Cost Summary**

Pricing should be a fixed bid with any options listed out separately, and include all installation fees.

### **4. Timeline**

Proposer must be able to deliver and successfully install equipment within 12 months of contract execution.

### **5. Maintainability**

Provide a summary of recommended maintenance requirements.

### **6. References Review**

Provide three (3) references from clients your firm has served in the past three (3) years, including one (1) client that has newly engaged the firm in the past three (3) years and one (1) long-term client (i.e., over three (3) years). Provide the name, address, and current telephone number of each reference.
