2.0 INTRODUCTION AND BACKGROUND

2.01 INTRODUCTION:

Oregon Tech is a university founded on the principles of excellence through hands-on knowledge. As the Pacific Northwest's only public institute of technology, Oregon Tech takes pride in its mission to deliver technology education by giving students a rigorous, practical education while applying cutting-edge concepts for real-world solutions. The university partners with industry leaders to ensure that its programs and classes are at the top of the board with adapting to new technology and preparing students for workforce demands.

2.02 BACKGROUND:

OMIC R&D works with global companies to solve manufacturing and automation challenges. We are currently looking to add Wire Electrical Discharge Machine (EDM) capabilities to our Additive Manufacturing Innovation Center. This Wire EDM will be used to separate manufactured parts and test coupons from build plates used in the Additive Manufacturing (AM) process. OMIC R&D works with diverse materials in the AM process, including Stainless Steel, Titanium-based alloys, Aluminum-based alloys, Copper-based alloys, and Nickel-based alloys. This equipment would streamline the post-build process and allow researchers to quickly remove parts from build plates.

Oregon Tech may reject non-conforming Goods and require Contractor to correct them without charge or deliver them at a reduced price, as negotiated. If Contractor does not cure any defects within a reasonable time, Oregon Tech may reject the Goods and cancel the PO in whole or in part. This paragraph does not affect or limit Oregon Tech’s rights, including its rights under the UCC (ORS Chapter 72). Nothing in this paragraph is to in any way affect or limit Oregon Tech’s rights as a Buyer, including the rights and remedies relating to rejection under ORS 72.6020 and revocation of acceptance under ORS 72.6080.

Oregon Tech’s payment of a claim does not relieve the Contractor or its surety, if any, from their obligations for any unpaid claims.
6. **WARRANTIES:** Contractor represents and warrants that the Goods are new, current, and fully warranted by the manufacturer, unless otherwise authorized by Oregon Tech. Delivered Goods will comply with specifications and be free from defects in labor, material, and manufacture. All UCC implied and expressed warranties are incorporated in this PO.
