Note that these are questions submitted by interested firms to this solicitation. The below answers are for clarification purposes only and in no way alter or amend the solicitation as published.

1. **QUESTION:** Please clarify the workpiece sizes. Exhibit A page 7. Is that machine cutting travels (or cut zone) or part size that will fit in the work tank?

This would be for cutting travel/zones. The machine must have a cutting travel that accommodates the minimum workpiece sizes listed in the ITB.

2. **QUESTION:** Please verify the final delivery location and a contact as vendors will likely need a rigger to inspect the site to verify delivery costs.

ANSWER:

Delivery location is OMIC R&D, 33701 Charles T. Parker Way, Scappoose, OR 97056. Building 2 Additive Center. Contact will be Mark Mitchell, Facilities Manager, 503-821-1165.
