

Addendum # 01
RFQ 2025-27 Water Coil Replacement
Extension of Submission Deadline and Clarifications

This Addendum is issued pursuant to Southern Oregon University's Request for RFQ #2024-27 issued on Wednesday, 16 April 2025, and is hereby made a part of the original RFQ, effective Tuesday, 13 May, 2025. No other changes to the original RFQ have been made.

1. **REVISION TO CLOSING DATE:** New Date: **Tuesday, 20 May 2025, 3:00 PM**

2. **QUESTION AND ANSWER:**

- a. We are excited to submit a quote for your above referenced project! Per attachment A in the specifications for the Chilled Water Coil project #2025-27, it states:

"Please provide your Service Level Agreement listing your RTO and RPO with your submission."

However, since this project is for a Replacement, and not for services, it's difficult to understand exactly what you are looking for here. Can this line be waived from the required bid submittal requirements, or possibly further explained?

- i. This requirement can be waived unless you are providing a warranty covering the work and products being provided. Ensuring that the system is fully functional and providing a window for follow-ups if problems arise will be sufficient without a full SLA.
- b. Good morning. We are interested in bidding the chilled water coil replacement project. Can you tell me if there are any drawings available or any opportunities to walk the project.
- i. Yes, a site visit of the equipment can be arranged by contacting sou-rfp@sou.edu. Please include the solicitation number "2025-27" in your subject line when making this request.
