

INVITATION TO BID #2025-04
OMIC R&D Tailstock Lathe
RESPONSE TO CLARIFYING QUESTIONS I
December 15, 2025

Note that the question below is submitted by an interested firm to this solicitation. The answer below is for clarification purposes only and in no way alter or amend the solicitation as published.

1. **QUESTION:** One of the specs for this machine doesn't seem correct. Are the dimensions for the depth and height of the machine confused? The spec calls for the depth of the machine to be no more than 75" and the height to be no more than 64". Is it possible that these may be reversed. Can you please confirm these dimensions?

ANSWER: The published measurements are correct. The depth of the machine is to be no more than 75" and the height is to be no more than 64".
